五、阅读理解

How would you feel if someone wanted to take away your park? Well, that's what's happening in my community. There's a park that some people want to turn into a golf course (高尔夫球场). Let me tell you why I think it's a bad idea.

First, a park should be for the whole community. Not everyone likes golf; so not everyone will get to use the course. This isn't fair (公平的). A community park should have open spaces for everyone to use.

Second, to make way for the golf course, lots of playground equipment (设施) will have to be moved or broken down, which is a waste of time and money.

Third, not all kids are fans of golf. At the moment, the park has a skating place and a playground. These attract lots of kids. If you turn the park into a golf course, they will stay at home and turn on a video game without exercise. It also means that they might be out on the street making trouble. Wouldn't it be better to give them something to do at the park?

Finally, golf is expensive. Building a golf course and maintaining (维护) it will cost a lot. Who can pay to maintain the golf course? What about those who can't cover the cost of joining a golf club? That means that the golf course can only be enjoyed by people with lots of money.

Turning our park into a golf course is a bad idea. I advise that we have a community meeting before we make the final decision (决定).

-The meeting _will start_ **in 30 minutes**, I _am coming_ **soon**.

- Many people say the computers will take the place of books **in the futures**.

- The wang family **will fly** to Gui Lin for their holiday in two weeks.

May / must 等情态动词，使用动词原形

Life may sometimes ____(看起来)smooth, but it is full of ups and downs.

May + seem 动词原形，所以没用用 seems

现在进行时

The leaves are **waving** in the soft wind, **making** beautiful sounds.

对称句

用现在进行时表示按计划 and 安排将要发生的事情。

在英语中，**现在进行时**（如 "is showing"）常用来表示**按计划或安排将要发生的将来动作**，尤其适用于表示**移动、行程或活动的动词**（如 show, go, come, leave, arrive 等）。句子中的时间状语 "tomorrow" 明确指向将来，所以 "Who is showing us around your school tomorrow?" 意思是“明天谁将带我们参观你们学校？”——这里的 "is showing" 表达的是已经安排好的将来事件。

Ex:

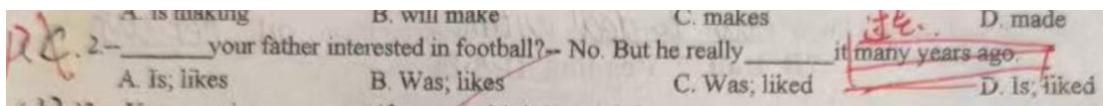

Who is showing us around your school tomorrow?

一般现在时

客观事实

My parents told me that **light** travels much faster than sounds.

表示兴趣 Be interested in

一般将来时

Will vs Be going to

be going to : 有准备、有计划/ 有证据、看迹象

will: 没准备、现场反应/ 表意愿、表承诺

- “周末打算做什么？”（What **are you going to do** this weekend?）
- “能帮我一下吗？”（**Will** you help me?）

Be going to 的否定回答

No, 主语 + be + not (going to).

其中 be 要根据主语变化 (am / is / are)，not 可以缩写。

Is Mile going to reading in the Reading Club? No, he isn't.

I'm not sure who **is going to organize** the fashion show. -- Mr Tang is.

You had better + do

主语 + had better + 动词原形 + ...

“had better” 虽然用了 had（过去式），但它指现在或将来，不指过去。所以后接的动词原形。

在日常口语和非正式写作中，had 常缩写成 'd.

had better 为语气词，比 should 强，比 must 弱。

项目	规则
结构	had better + 动词原形
否定	had better not + 动词原形
缩写	'd better
时态	现在或将来
语气	强烈建议 / 警告（含负面后果暗示）
疑问	尽量避免，改用 “Should you...?”

否定句不用加 don't。

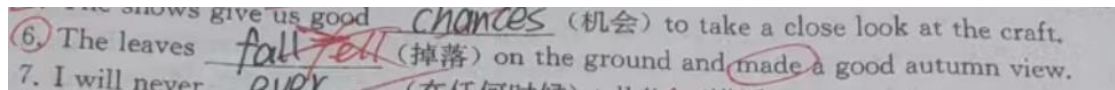

现代分词

表伴随

Don't sit there, doing nothing, Jill.

“doing nothing” 是现在分词短语，作伴随状语。它表示与主句动作 “don't sit there” 同时发生的状态，即：不要坐在那里，并且（同时）什么也不做。

一般过去时

谓语保持时态一致

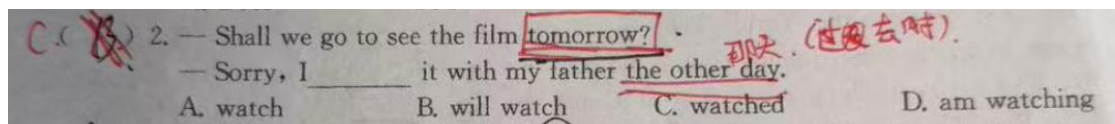

The leaves **fall** on the ground and **made** a good autumn view.

不规则动词的过去时

Ride -> Rode

John **rode** his bike to school the day before yesterday..

The other day 表示已经“前几天”

虽然有 tomorrow，但回答说日前已经看过。

“the other day” 的意思是“前几天”、“不久前的某一天”，用来指距离现在很近的过去（通常是一周以内）。

例如：

(前几天她告诉我她要搬到北京去了。)

注意：它不能用来指未来的某一天，只能用于过去时态。

- **with** 的核心是“伴随、拥有、使用”，强调两者在一起或是一种工具/方式。
- **for** 的核心是“目的、原因、对象、交换”，强调为了谁/什么、出于什么原因。

倒装句

Between the two ancient villages ____ a clean and long river.

run: 可作不及物动词，表示河流“流淌、延伸”。本句是倒装结构，正常语序为

“A clean and long river runs between the two ancient villages.” 倒装后动词

应置于主语前，但形式仍需与主语一致（应为 runs）。然而，选项中只有

run, 且 has 明显错误, 故选 run。

has: 意为“有”, 及物动词, 后面必须接宾语。句中无宾语, 且河流不能“拥有”一条河, 逻辑错误。
